Local Notes.

An Important Matter.

If you will look at the little yellow label on this paper you will see to exactly the date it is paid for. Unless it reads ahead, you are in debt to this office. It is very unreasonable to expect a man to credit you and then have to hire a man to come after the money. We need every cent due The Record office, and hope those in arrears will show they want to do what is right by calling at the office and settling.

Rev. H. N. Falconer will preach at the Presbyterian church next Sunday.

Eld A R Moore, of Birmingham, Ala filled the pulpit at the Christian church Sunday on invitation of Bro. Tindler.

As Rastus can now work on the water melon patches, we hope the war on the chicken roosts will cease for the time being at least.

There will be a protracted meeting at the Fairview church, beginning Aug 20th. Services will be conducted by Rev W C McCallum, of Lexington.

Closes at Eleven.

We were mistaken in saying the mail for the morning train closed at 11:15. It closes at eleven o'clock sharp. Remember this.

\$1.50 to Cincinnati next Sunday. Train leaves at 5 a. m., and leaves the city about 8 p. m. All day in Cincinnati and the round trip will cost only \$1.50.

The W. C. T. U. Library will be open Tuesday nights at 8 to 9 o'clock and Saturday afternoons from 2:30 to 3:30 o'clock. Very attractive lot of bright, new books have just been received. Come and see them.

The colored fair will be held in Jno M Farra's woods, same place the white fair was held. The colored people will have the best fair they ever held, and a big crowd will attend each day. The dates are 24, 25, 26.

Tough On Our Neighbors.

A gentleman, who came here to buy one of our rich farms, said that a good farm was spoiled when Danville was built, and that Madison county has a streak of lean and a streak of fat in it, while Garrard generally has a uniform, fertile soil.

Prospering In Middlesboro.

Frank Embry, one of the best-known colored men Lancaster ever produced, was here from Middlesboro this week and received many cordial handshakes. He has made money hand over fist since locating in the Magic City. As he weighs 291 pounds, it appears that he also feeds on the fat of the land.

Card of Appreciation.

I hereby express my heartfelt thanks and high appreciation of the many favors, kindnesses and words of comfort bestowed by the good people of Lancaster during my greatest bereavement. My best wishes and my prayers that the richest blessings of Heaven may be shed upon them, I offer in return.
S D Rothwell.

Uncle John Boner Hurt.

The Danville Advocate says "Uncle John" Boner had two ribs broken and was otherwise injured by being thrown from his buggy, a few days ago. The horse scared at a bicycle ridden by some gimlet-headed dude who even refused to assist Uncle John after he was injured. Such people should be hung to a convenient tree.

Ladies Aid Entertainment.

The Ladies Aid Society of the Christian church will have an entertainment at the Court House, Thursday evening, the 17th. The best home talent will take part, and everyone is invited. Admission 35cts, children 15cts. Drills will be given by the children, a quartette will sing popular music, while a number of pretty solos will be on the program. The piano will be used and a most enjoyable evening is in store.

Frequent hand-to-hand conflicts in the Russia-Japanese war, between troops armed with the highpower rifles which were expected to banish the bayonet and reduce war to long range shooting, have upset theories formulated by experts and demonstrated the usefulness of cold steel as an instrument of wholesale homicide. Therefore distribution of new Springfield rifles have been deferred, and the experts of the war department are considering the question of adopting a practical bayonet to the weapons.

At a meeting of the stockholders and Board of Directors of the Lancaster Fair Association held in Lancaster Ky., at the Association's office on Aug 14, 1905, it was voted by the Board of Directors by and with the consent in writing of more than half of the stockholders of said association to dissolve said corporation and close and wind up its business. All persons having claims against or indebted to said Association will call on the Secretary, R L Davidson and settle at once.

It is requested that every member of the W C T U be present at the regular meeting Saturday afternoon.

No Law Suit.

The new policies of the New York Life are incontestible, for any cause, from date of issue.

Editor Still Disabled.

The editor of The Record is still crippled from the effects of colliding with a rocking chair some three months ago. The doctor insisted upon us remaining off our feet, but pressing business forced exercise which has resulted disastrously, and we are again unable to work at all. We will soon be all right, however, and will strive to make up for lost time. Mr Leonard Miller and able assistants are in charge of the office and will furnish the best of work on shortest notice. What matter we print is written by eye editor under great difficulties.

Good Meeting At Hubble.

An exceedingly interesting and profitable meeting is in progress at the Hubble Christian church, and has been drawing large congregations for two weeks. The pastor, Eld F M Tindler, is being ably assisted by Eld. A R Moore, formerly of Lancaster but now pastor of a large church in Birmingham, Ala. A good number of additions have been made and great enthusiasm awakened in the church. We do not know two more earnest, God-loving, God serving Christians than are these gentlemen, and their efforts are bound to result in good.

Last Quarterly Conference.

The fourth and last Quarterly of the Conference year will be held at the Methodist church next Sunday. The Methodist pastor of the Richmond church, J W Crates, will preach Sunday morning and the presiding elder, J W Simpson, will be here on Monday and preach Monday night and hold the Quarterly Conference. The year's work will be completed at this time, and the pastor, C F Oney, is very anxious to have all the reports on all lines in by that time. The Methodist Conference will meet 1st of September in Covington.

A Very Sad Death.

One of the saddest deaths in recent years was that of Miss Fannie Royston, which occurred at the home of her father, Mr Wm Royston, near Point Leavel, Tuesday evening about seven o'clock. Miss Royston was in perfect health until stricken by the dreaded typhoid fever some weeks ago. Everything that loving hands and medical skill could do was done for her, but to no avail. She was in her twenty fourth year, and was an unusually bright and attractive young woman, beloved by all who had the pleasure of her acquaintance. She was an active member of the Presbyterian church, and a great favorite with her neighbors and friends. Funeral services were conducted at the family residence, by Rev. Mr. Frierson, Wednesday afternoon, the internment taking place at the Lancaster Cemetery at four o'clock. Great sympathy is felt for the bereaved father and sisters.

Gone to Her Reward.

About one o'clock last Friday morning the spirit of Mrs. Eliza Rothwell left the tabernacle of clay and took its flight to the eternal haven of rest. She was in her 50th year and had been in poor health for some time. Appropriate funeral services were conducted at the Christian church, Saturday afternoon, by Elder F M Tindler and Rev. C S Ellis, after which the burial was witnessed by many friends and relatives in Lancaster Cemetery. The song service, the floral offerings, the tears and the sighs evinced the high esteem in which she was held.

In early life she became a member of the church, and she practiced, in word and deed the principles of charity and benevolence which exist only in theory with the masses. The public will concur in the assertion that the unfortunate were never turned from her door, and that she visited the poor and afflicted for the purpose of rendering substantial aid and ministering to their wants, instead of merely calling to pay her respects, as the custom of some is. She was without guile and duplicity, and moved under the standard of the Savior, free from those principles which prevail under the Pharisaical standard.

Hersmiles and words of good cheer, for every body, were messages sent through her, from the courts of glory, to cheer famishing souls. She was possessed of all those lovable traits which characterize true and noble womanhood. More such lives are needed, with the bright sunshine of charity, to melt the cold and icy heart of the miser and conform to the world to the teachings and practices Jesus.

In the domestic relations of life she was a queen, and perfect in the discharge of every duty. Her husband, Mr S D Rothwell, and her son, Mr J Mort Rothwell, survive her, and they have the sincere condolence of the public, in their greatest bereavement, for her devotion to them was most beautiful.

It is the part of wisdom to so live that we may realize the rich promises of that happy re union, beyond the limits of time, free from the sting of death and the pangs of sorrow.

Will White Dies in Texas.

News of the death of Will W. White in Dallas, Tex., was a great shock to the parents and host of friends of the young man here in his old home. He had been suffering from heart trouble for some time, but his condition was not deemed serious. The end came Friday, and, as stated above, was a terrible shock to the family. Funeral services were conducted in Dallas Sunday, the interment taking place there. He was the youngest son of Capt. F. J. and Mrs. White, of this city and was born and raised here. He accepted a position in Dallas with his brother-in-law, Mr. J. S. Armstrong, some years ago and has since been a valued employee of the large Armstrong Packing Co. in that city. He visited his parents in this city last summer and was warmly welcomed by his old playmates and companions. Will White was a big-hearted boy as ever lived, and made friends of all with whom he had dealings. He joined the Baptist church in Lancaster when quite young. His death is a heavy blow to the aged parents as only one daughter, Mrs. Armstrong, is now left to comfort them in their old age. They have the deepest sympathy of everyone who knows them and many are the prayers that they may bear up under their great bereavement.

Automobiles.

The Danville News says: The people of this community are getting very much worked up over the automobile question. It has been authoritatively stated to the writer that automobiles are driving trade away from Danville. The farmers are too busy to come to town, and are afraid to send their wives and children because their horses are afraid of automobiles and they don't dare risk the lives of their loved ones on the highways alone. It does look like something should be done to afford protection to those who travel the pikes and pay taxes for their maintenance. There is a law in this state which requires a threshing machine, an absolute necessity, to have a man two hundred yards in advance in order to protect those whose horses are afraid of it, and yet the automobile is allowed to travel the roads at a mile a minute without any restrictions. The automobile has no more right to the highway than the threshing machine and should be subjected to the same restrictions or similar ones. Accidents from automobiles, as it is fittingly termed, are becoming so numerous that it is very alarming. If the accidents only happen to those who drive the machines it would make little difference, for in most cases they are caused by their recklessness; but the trouble is that the innocent are the ones that generally have to suffer. One human life is worth more to those who suffer by its loss, than all the automobiles manufactured. If automobiles want to break records let them get on a track, the high road is no place for it.

Plain Honesty Needed.

What we want in this land is a revival of oldfashioned common honesty. We want a code of practice which makes it disreputable for a man to be a thief. We want a class of educators who would scorn to beseech in company which an unrepentant rascal. We want a body of voters who will decline to support any man whose garments are stained by graft or spoils. We want a church which isn't afraid to preach and a press which isn't afraid to stand out against it. We want leaders who are not pharisees and followers who are not envious of ill-gotten gain. All over America a wave of formal enthusiasm is moving. People have at last begun to think. It is a hopeful sign.—Lewiston (Me.) Journal.

Work has begun on the new Bryantsville and Buena Vista turnpike. This will certainly be quite an improvement to this part of the county. The people are greatly indebted to Messrs Brooks and Easley by whose vigorous efforts the road was obtained. Such citizens are always welcome to any community.

An exchange pertinently remarks:—A couple of weeks ago Collier's Weekly took the newspapers to task for advertising patent medicines. In its columns were noticed in the issue a page advertisement of Schlitz's beer and an advertisement of "Hunter's Rye," a fine aged whiskey. Well, be tween the two we believe the patent medicines are less harmful, and they don't raise quite as much hell at least before it takes us to task it should first clean its own skirts.
